

B - BUSINESS DISTRICTS

15.0 PURPOSE

The purpose of the Business Districts is to provide for a wide range of retail, outlet and wholesale facilities and services of a nature as to be fully compatible in a business district. In addition to the existing B-1 Business District, there are four (4) additional specific B districts: NB, LB, and GB; and PUD, governing future changes to business zoning.

15.01 NB “Neighborhood Business District”

The purpose of the “Neighborhood Business District” (NB) is to encourage the establishment of neighborhood businesses and services which tend to meet the daily needs of the residents of the immediate neighborhood. Such districts shall reduce parking and traffic congestion as well as discourage large, regional oriented-businesses or other businesses and services that would affect the neighborhood character of the district. Such businesses would normally operate with fixed hours, light traffic, low noise and lighting as not to affect the adjoining properties. This district is also designed to act as a buffer between more intense non-residential uses and residential uses. Strip center development shall be discouraged.

15.02 LB “Local Business District”

The purpose of the “Local Business District” (LB) is to provide for a wide range of retail facilities and services for a clientele from a larger geographical area with higher traffic, light and noise volume than the NB district. The hours of operation in this district are less restrictive than those of NB district.

15.03 GB “General Business District”

The purpose of the “General Business District” (GB) is to encourage the establishment of areas for general business uses which meet the needs of a regional market area. Activities in this district are often large space users, and the customers using such facilities generally are from a larger radius or region creating heavier traffic, noise and light. Hours of operation in this district are generally not limited.

15.1 PERMITTED & CONDITIONAL USES IN THE NB, LB, & GB DISTRICTS

<i>Permitted and Conditional Uses by Business District: P = Permitted C = Conditional NA= Not Allowed</i>	NB	LB	GB
Churches and other places of worship, including Sunday School buildings, located not less than fifty (50) feet from any other lot in any R district; schools and colleges for academic instruction, located not less than fifty (50) feet from any other lot in any R district; public libraries, public museums and public art galleries located not less than twenty-five (25) feet from any other lot in any R district or residence(s).
